

To whom it may concern,

Crescent Energy Operating has experienced great success utilizing OpenInvoice™ for electronic invoicing. This has allowed CEO's vendors to submit their invoices electronically, resulting in faster payments, along with vendor ability to track invoices and payment status within the OpenInvoice™ system.

In the interest of furthering our long-term business relationship and encouraging the fastest payments possible, we would like to offer early-payment discount terms on future invoices. We have experienced success with other vendors and hope that you will consider our request.

Please indicate below if your company will partner with Crescent Energy Operating in any of the following early-pay discount terms by checking the box next to the desired terms and validate on the signature line provided.
